WORK EXPERIENCE

3D Generalist Intern

Universal Phoenix Group LLC Aug 2023 - Feb 2024

- Conceptualized and developed a visual concept of the 3D environment of a Unity-based mobile game.
- Modeled and textured the main 3D school environment enhancing the game's visual appeal.
- Created stylized 3D assets for game elements for easy and fun gameplay interactivity.
- Collaborated with technical team members to successfully implement 3D visuals in the Unity game engine.

IT Assistant

Pratt Institute Resource Center Sept 2022 - May 2023

- Efficiently organized and categorized digital resources and equipment for Digital Art students.
- Provided technical assistance for both students and faculties members utilizing digital equipment, including cameras, projectors, 3D printers, and green screen rooms.
- Documented inquiries and maintained records for lending histories, ensuring accurate and accessible information for future reference.

PROJECT

3D Animation Film "Moments"

Pratt Institute May 2023

- Produced a 2-minute 3D animation film exploring themes of life and death. Was in charge of every film-making process from storyboarding, modeling, rigging, and animation, to final post-production.

Projection Art Installation

2020

- Live projection installation with 3D pumpkin objects (2.5 m * 1 m) for Halloween season. Designed and crafted pumpkin objects with foam boards.
